2. Signs and Markers

The mine identification sign is in place at the point of public access to the permit area. The sign contains the required information.

4.a Hydrologic Balance: Diversions

The culvert outlet up canyon from the bath house is half full of sediment.. The outlet needs to be cleaned.

8. Noncoal Waste

A plastic jug is in the diversion looking up canyon on right side of main access road, adjacent to the lamp house. Large metal sheet in diversion looking up canyon on left side of main access road, below shop area. Both of these items should be collected and removed from the diversions. Items should be placed in the appropriate noncoal storage facility.
